			The attached should be sent to the Director of Communications for signature. In some way or another it got <u>misdirected</u> to the Comptroller.	
2.			In the cover memorandum and in paragraph b on page 6 mention is made of "current Agency guidelines restricting annual payroll growth to 1 percent of the total payroll costs." Where are you getting this statement from??? I have been at Comptroller and EXCOM meetings where a range from 1 to 3 percent has been mentioned with respect to overall growth but, more importantly, it has been recognized that individual professions may go up or down within the overall figure. Why then is 1 percent being specified herein?
